Age of participants: 20-28 y.o.

Number of participants: 5+1 leader

01.09.2018-09.09.2018

PROJECT SUMMARY

"StartUp Boomerang" is a youth exchange that will gather participants from the Netherlands, Armenia, Czech Republic, Spain, Ukraine & Montenegro.

The youth exchange includes a very actual topic- leadership, European citizenship and unemployment. This is an intensive, innovative and challenging youth exchange, combined with exceptional social activities and local visits.

Participants will get a deep understanding of their own leadership style, their ambitions and

motivations, and the next steps they need to take in their personal and career development. This youth exchange will help the participants and their surrounding to create their dream job, create work opportunities for the others, develop new ideas and ambitions, a new level of self-awareness, and (of course) new friends for life.

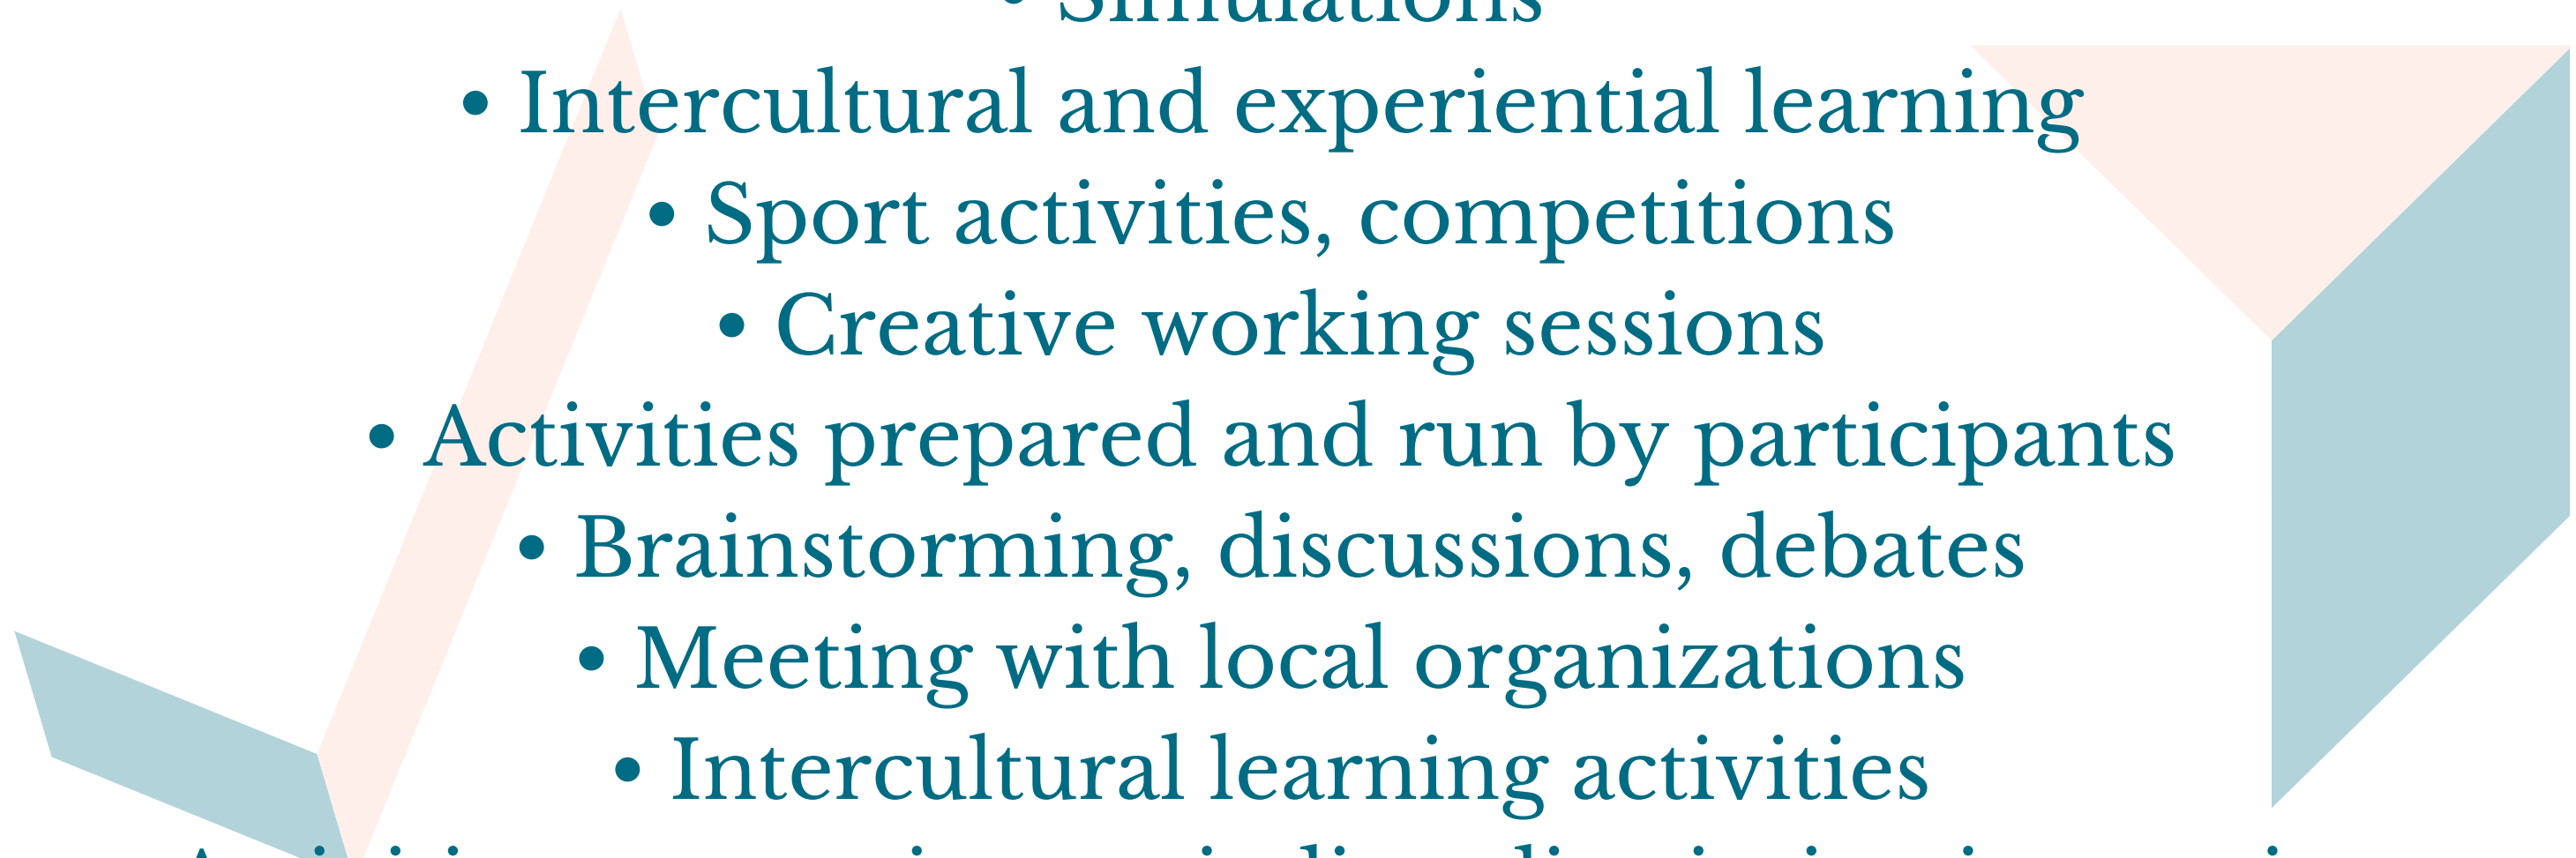

THE AIM OF THE PROJECT

- *To fight against the level of unemployment*
- *To develop leadership skills*
- *To create a space for young leaders to develop their ideas*
- *To discover the theme of leadership*
- *To develop "soft skills" about leadership, communication, presentation skills within unemployed youth*
- *To develop better understanding towards other cultures*
- *To build cooperation and international relations across participants and Europe.*
- *To develop international cooperation and create projects together, which will address social problems*

 - *Flip flops*

ABOUT DILIJAN

Dilijan is a spa town in the Tavush Province of Armenia. Usually called Armenian Switzerland or Little Switzerland by the locals, it is one of the most important resorts of Armenia, situated within the Dilijan National Park. The forested and reclusive town is home to numerous Armenian artists, composers, and filmmakers and features some traditional Armenian architecture.

ABOUT YEREVAN

Yerevan is the largest city and capital of Armenia. It is situated along Hrazdan River, which is not navigable, on the Ararat Plain. Yerevan is a leading industrial, cultural, and scientific centre in the Caucasus region. It is also at the heart of an extensive rail network and is a major trading centre for agricultural products. In addition, industries in the city produce metals, machine tools, electrical equipment, chemicals, textiles, and food products. Educational and cultural facilities in Yerevan include universities, the Armenian Academy of Sciences, a state museum, and several libraries. The largest repository of Armenian manuscripts, and indeed one of the biggest repositories of manuscripts in the world, is the Matenadaran.
